ESHIPPERS MANAGEMENT LTD.
NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS
(Expressed in Canadian Dollars)
(Unaudited)
SIX MONTH PERIOD ENDED NOVEMBER 30, 2020

1. NATURE OF OPERATIONS AND GOING CONCERN

eShippers Management Ltd. ("the Company") was incorporated on August 4, 1992 under the laws of British Columbia. The Company's head office and registered and records office is 40440 Thunderbird Ridge B1831, Garibaldi Highlands, BC, V0N 1T0, Canada. The Company's shares are listed on the NEX board of the TSX Venture Exchange (the "Exchange").

The Company is a mineral exploration company focused on acquiring, exploring and developing exploration and evaluation assets. Currently, the Company is investigating new opportunities for the acquisition of exploration and evaluation assets and investment ventures.

These condensed interim financial statements have been prepared assuming the Company will continue on a going-concern basis. The Company has incurred losses since its inception and the ability of the Company to continue as a going concern depends upon its ability to raise adequate financing and to develop profitable operations. These condensed interim financial statements do not include adjustments to amounts and classifications of assets and liabilities that might be necessary should the Company be unable to continue operations. Management estimates that the Company currently has adequate capital to operate for the coming year.

2. BASIS OF PRESENTATION

Statement of compliance

These condensed interim financial statements, including comparatives, have been prepared in accordance with IAS 34, Interim Financial Reporting, as issued by the International Accounting Standards Board ("IASB") and the interpretations of the IFRS Interpretations committee. They do not include all disclosures required by International Financial Reporting Standards ("IFRS") for annual financial statements, and therefore should be read in conjunction with the Company's audited financial statements for the year ended May 31, 2020, prepared in accordance with IFRS as issued by the IASB.

These financial statements were approved by the Board of Directors of the Company on January 11, 2021.

Basis of presentation

These condensed interim financial statements have been prepared on a historical cost basis, using the accrual basis of accounting, except for cash flow information.

Functional and presentation currency

These condensed interim financial statements are presented in Canadian dollars, unless otherwise noted, which is the functional currency of the Company.

ESHIPPERS MANAGEMENT LTD.
NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS
(Expressed in Canadian Dollars)
(Unaudited)
SIX MONTH PERIOD ENDED NOVEMBER 30, 2020

2. BASIS OF PRESENTATION (continued)

Use of Estimates and Judgments

The preparation of these financial statements requires management to make certain estimates, judgments and assumptions that affect the reported amounts of assets and liabilities as at the date of the financial statements. Estimates and assumptions are continually evaluated and are based on management's experience and other facts and circumstances. Actual results could differ from these estimates.

The significant assumption about the future and other sources of estimation uncertainty that management has made at the end of the reporting period, that could result in a material adjustment to the carrying amounts of assets and liabilities in the event that actual results differ from assumptions made, relates to, but is not limited to, the following:

Deferred income taxes

The determination of income tax is inherently complex and requires making certain estimates and assumptions about future events. Deferred tax assets, including those arising from tax losses, require management to assess the likelihood that the Company will generate taxable earnings in future periods, in order to utilize recognized deferred tax assets. Estimates of future taxable income are based on forecast cash flows from operations and the application of existing tax laws in each jurisdiction. To the extent that future cash flows and taxable income differ significantly from estimates, the ability of the Company to realize the net deferred tax assets recorded at the date of the statement of financial position could be impacted. The Company has adequately provided for all income tax obligations; however, changes in facts and circumstances as a result of income tax audits, reassessments, jurisprudence and any new legislation may result in an increase or decrease in the Company's provision for deferred income taxes.

There were no significant judgments made by management for the reporting period.

3. SIGNIFICANT ACCOUNTING POLICIES

These condensed interim consolidated financial statements have been prepared using the same accounting policies as those used in the Company's annual financial statements at May 31, 2020.

4. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

	November 30, 2020	May 31, 2020
	(\$)	(\$)
Trade payables	18,257	4,836
Taxes payable	1,159	-
Accrued liabilities	4,000	8,175
Total	23,416	13,011

ESHIPPERS MANAGEMENT LTD.
NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS
(Expressed in Canadian Dollars)
(Unaudited)
SIX MONTH PERIOD ENDED NOVEMBER 30, 2020

5. SHARE CAPITAL

a) Authorized share capital

Unlimited common shares without par value.

b) Issued share capital

Six month period ended November 30, 2020

There was no share capital activity.

Year ended May 31, 2020

There was no share capital activity.

c) Stock options

The Company has a shareholder-approved stock option plan (the "Plan"), which is in compliance with the Exchange's policies. Under the Plan the maximum number of shares reserved for issuance may not exceed 10% of the total number of issued and outstanding common shares at the time of grant of options. The exercise price of each stock option shall not be less than the market price of the Company's stock at the date of grant. Vesting terms are at the discretion of the directors.

There were no stock options issued or outstanding during the six month period ended November 30, 2020 or the year ended May 31, 2020.

d) Share purchase warrants

There were no share purchase warrants issued or outstanding during the six month period ended November 30, 2020 or the year ended May 31, 2020.

6. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

Financial risk management

Financial instruments measured at fair value are classified into one of three levels in the fair value hierarchy according to the relative reliability of the inputs used to estimate the fair values. The three levels of the fair value hierarchy are:

- Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities;
- Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly; and
- Level 3 – Inputs that are not based on observable market data.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's financial instruments consist of cash, accounts payable and accrued liabilities.

6. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (continued)

The fair value of cash is measured using level one of the fair value hierarchy. The fair values of accounts payable and accrued liabilities approximate their book values because of the short-term nature of these instruments.

Financial instrument risk exposure

The Company is exposed in varying degrees to a variety of financial instrument-related risks. The Board approves and monitors the risk management processes.

Credit risk

Credit risk is the risk of financial loss to the Company if a counterparty to a financial instrument fails to meet its payment obligations. The Company has no material counterparties to its financial instruments. The Company manages credit risk for cash by ensuring that these financial assets are placed with a major financial institution with strong investment grade ratings by a primary ratings agency. The Company's receivables consist of goods and services tax due from the Canada Revenue Agency. The Company does not believe it has a material exposure to credit risk.

Liquidity risk

The Company seeks to ensure that there is sufficient capital in order to meet short-term business requirements, after taking into account the Company's holdings of cash. The Company's cash is invested in a business account which is available on demand. As at the balance sheet date, the Company had sufficient cash to meet its current obligations and was not exposed to significant liquidity risk.

Interest rate risk

The Company is not exposed to interest rate risk as it does not have any variable interest rate assets or liabilities.

Currency risk

The Company is not exposed to significant foreign currency risk.

Commodity price risk

The Company is not significantly exposed to price risk with respect to commodity and equity prices. Equity price risk is defined as the potential adverse impact on the Company's earnings due to movements in individual equity prices or general movements in the level of the stock market. Commodity price risk is defined as the potential adverse impact on earnings and economic value due to commodity price movements and volatilities. The Company closely monitors commodity prices of precious and base metals, individual equity movements and the stock market to determine the appropriate course of action to be taken by the Company. Fluctuations in pricing may be significant.

ESHIPPERS MANAGEMENT LTD.
NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS
(Expressed in Canadian Dollars)
(Unaudited)
SIX MONTH PERIOD ENDED NOVEMBER 30, 2020

7. MANAGEMENT OF CAPITAL

The Company manages its common shares, stock options and share purchase warrants as capital. The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to pursue the acquisition and/or development of exploration and evaluation assets and to maintain a flexible capital structure which optimizes the cost of capital at an acceptable risk. The Company is not subject to any externally imposed capital requirements.

The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Company may issue new shares, issue debt or acquire and/or dispose of assets.

In order to facilitate the management of its capital requirements, the Company prepares expenditure budgets that are updated as necessary depending on various factors, including successful capital deployment and general industry conditions.

In order to maximize ongoing exploration efforts, the Company does not pay out dividends. The Company's investment policy is to keep its cash treasury invested in demand certificates of deposit with major financial institutions.

There have been no changes to the Company's approach to capital management during the six month period ended November 30, 2020.

8. RELATED PARTY TRANSACTIONS

There were no related party transactions during the six month periods ended November 30, 2020 and 2019. Furthermore, there were no amounts owing to related parties as at November 30, 2020 or May 31, 2020.

9. SEGMENTED INFORMATION

The Company operates in one business segment, being the acquisition and exploration of mineral exploration and evaluation assets in Canada.
